Hi Estela!

The insurance broker needs to post the new policy to the City's Risk Manager website:

<http://track4la.lacity.org/>

They will approve the insurance and then I can process the invoice.

The can usually do it immediately or within a couple of hours.

Thanks.

Rick, good morning. Long time!

Ed Camarillo advised me you had inquired about CCEA's D&O policy. I presume this is coincidence, but I just received an email from our D&O carrier with a new policy attached. And they do admit that its renewal

date was July 27th. Odd that they should have allowed so much time to pass before sending me us the new policy. In the interest of time, I'm attaching it here although I won't have a chance to review until a bit later today. Let me know if it meets with the City's satisfaction. Also I will reach out to CCEA's agent to ensure this sort of delay does not occur again.

Miguel,

It's troubling. I'm unsure what is meant by 50 of 60 being "closed."

I'm going to take my own series of photos to document the encampments on Stanford and Crocker and send them to Sanitation. Nancy and I will then reach out to Sanitation for some answers.

hello kurt, our efforts to report homeless camps in our neighborhood have so far been ineffective. my311 has "closed" over 50 out of 60 reports by our neighbors. i'm not sure 311 is closing these reports? i have three that are "pending" and "assessed" on 9/22. we have been watching these camps diligently and have yet to see any 72 hour posting by sanitation department. i've even noticed new camps being built and existing camps getting bigger.

could you please refer me to someone in the sanitation department that might be able to offer an explanation and update on where we are? i need to let my neighbors know more about what they can do.

once again, all of the reported camps are between 3rd and 5th between stanford and crocker. there are approximately 30 camps in total and each is 100% blocking the sidewalk 24/7 with (i'm estimating here) at least 200 gallons of personal belongings. many are also within 10 feet to entrances, driveways and loading areas and attached to buildings.

thanks,

Subject: Re: Businesses under siege in Skid Row- 550 Crocker Street

Thank you Rose. These recent tent fires are a big concern to our office, and we've been in contact with LAFD regarding their investigations. As of yet, there have been no cases presented to the City Attorney's Office though any potential case would likely be referred to the District Attorney as a felony arson. I'm also aware that Estella Lopez is independently meeting with LAFD with regards this issue.

As the City works to implement the new LAMC 56.11 (storage of personal property on the sidewalk ordinance), I'd like to address the encroachment of encampments on the your property. LAMC 56.11 (8) (b) limits of the laying of string, wires, or rope to private property in such a manner as to create an obstruction across a sidewalk. I see from the photos that this may be an issue and would like to meet with you and LAPD to explore it.

Please email your general availability this coming week, and I'll set up a meeting.

Best regards,

Kurt

To whom it may concern:

As you all probably know, there was a fire on the backside of our building caused by one of the homeless. The homeless encamped in the front and back of our building poses as a major threat to our business already, but this fire shook us a bit. We are very concerned about what other worse situations would rise after this event. It's very difficult to ask our customers to drive to this area and with this event... it's much harder.

Can we have more regular cleaning sweep on our Crocker and Towne side of the street? The second gate on our Crocker side is completely blocked off.

We feel it's unfair how we have to feel threatened and unsafe to stay at our property, which we pay all the payments and taxes for.

I agree with Mona. That was so short-lived as expected. Please keep our street in mind as the street is already super congested and trashed.

We are just hoping we can get some regulations going for the illegal food distribution that happens every morning at 5 breads. With this, we truly believe this block will clear up tremendously.

Thank you!

Hello Steve,

We sincerely appreciate all of the efforts set forth during each one of the cleaning operations conducted.

Unfortunately most all of the homeless people have returned back to the area as of this morning. I also witnessed a couple of them removing most all of the temporary No Parking Signs that were posted for the street cleaning operation.

Unfortunately a lot of resources do get wasted in a situation where we can only put a 24 hour bandaid on a very serious problem rather than eliminating it.

We are aware that the city is very limited in resolving the issues pertaining to the homelessness, but more than ever we all need to find other ways to strengthen our voices as a community so that we can make a difference at implementing change within the corrupt system that has been benefitting the homeless population, but affecting all of us negatively daily.

Respectfully,
Mona A

The issues pertaining to this matter CAN NOT ONLY be addressed once. In most all cases the people return back to the location within a 24 hour period, therefore it would be very helpful if your task force makes a point and has the area on watch for a period longer than 1 day. We are all dealing with multiple issues pertaining to the unbearable acts/activities of the homeless people surrounding us and we are overwhelmed with the number of issues that we have to tackle daily just to get in and our properties. Any help you can offer on the regular basis is greatly appreciated!
